

A special blend of silicone and wax that provides a slick, non-stick coating that prevents ice and snow from sticking to plows, shovels and other snow removal equipment. Treated surfaces also become water and rust resistant. The coating provides superior release action to reduce drag and sticking of many materials to metal and other surfaces.

Spray on snow removal equipment to keep snow and ice from building up on blades, mold boards and wings. Also excellent for use on road signs to keep snow or ice from sticking and allow for easy readability.

Helps increase the efficiency of snow removal, material handling, turf maintenance and road equipment.

In Springtime, spray on blades and under decks of grass cutters and mowers to keep grass from sticking to blades and undercarriage. Lessens drag and increases work efficiency!

**DIRECTIONS:**

SHAKE WELL BEFORE USING. Spray surface from a distance of 12 to 14 inches. Allow a moment for wax coating to set up before putting equipment into operation. After use, invert can and spray a short burst to clear valve.

**DANGER:** Contains Hexane (110-54-3), Liquefied Petroleum Gas (68476-86-8), and Aliphatic Petroleum Distillates (64742-89-8). Use only in a well ventilated area. Avoid contact with eyes or prolonged contact with skin. Do not puncture or incinerate container. Do not expose to heat, sparks or open flame. Do not store at temperatures above 120°F.

**FIRST AID: IF EYE CONTACT:** Flush with large amounts of cool running water for at least 15 minutes while holding upper and lower lids open. If irritation persists seek medical attention. **IF SKIN CONTACT:** Wash with soap and water. If irritation persists seek medical attention. **EXCESSIVE INHALATION:** Remove to fresh air. Seek medical attention immediately. If breathing stops give artificial respiration. **IF INGESTED:** Do not induce vomiting. Seek medical attention immediately.

For further information consult Material Safety Data Sheet.

# WINTERIZING WAX

16411

A special blend of silicone and wax that provides a slick, non-stick coating

**Keeps Snow from Sticking to:** Snow Removal Equipment, Plows, Shovels and Blades

**Protects:** Metal, Fiberglass, Painted and Plastic Finishes

Helps Blades Stay Sharp Longer

**DANGER:** EXTREMELY FLAMMABLE. VAPOR HARMFUL. CONTENTS UNDER PRESSURE. SEE OTHER CAUTIONS ON BACK PANEL.

NET WT. 11 OZ. (311 Grams)
