SPOT REMOVER SOLVENT-BASED

SOLVENT SPOT REMOVER is an easy to use, effective treatment for the removal of oil-based spots and stains from carpet and upholstery. Helps dissolve stains caused by Grease, Oil, Tar, Paint, Gum, Wax, Crayon, Make-up or other oil soluble soils. For spots of unknown origin, it is best to always use Solvent Spot Remover first, then if needed an all purpose water-based spot remover may be used second. Spots caused by oils may be spread or smeared when initially treated with a water-based spot remover. Solvent Spot Remover dries virtually residue and ring free. Safe on most carpet fibers and padding. Pre-testing is suggested before use.

FOR USE BY: Motels, Hotels, Nursing Homes, Restaurants, Office Buildings, Banks, Night Clubs, Movie Theaters, Auto Detailers and Rental Agencies. **REMOVES STAINS CAUSED BY:** Grease, Oil, Tar, Crayon, Lipstick, Makeup, Oil Based Paints, Shoe Polish, Solvent Based Adhesives and Paraffin Wax.

DIRECTIONS:

FOR BEST RESULTS: Remove spots as soon as they are discovered. Allowing stains to remain untreated may discolor carpet or fabric permanently. Prior to use, blot up any liquid with a dry cloth or paper towel. Remove any solids with a dull knife. Spray a small amount of Solvent Spot Remover onto area from a distance of 18 to 24 inches.

DO NOT OVER SATURATE. Over saturation may soften carpet backing or adhesive. Using a dry cloth, gently blot stained area. Most stains will only require a single application, however, for spots requiring a second application, allow carpet fibers to dry prior to reapplication.

NOTE: DO NOT USE ON PLASTIC OR PAINTED SURFACES.

MADE IN THE
U.S.A.

DANGER: Contains Tetrachloroethylene (127-18-4), Petroleum Distillates (8052-41-3 / 64742-47-8), Trichloroethylene (79-01-6) and Carbon Dioxide Propellant (124-38-9). Vapor Harmful. Use in a well ventilated area. Avoid prolonged breathing of vapors or contact with eyes, mucous membranes or skin. Vapors of this product are heavier than air and will collect in low areas.
