

Automotive Tire and Trim Dressing
Easy to Use • Long-Lasting
Restores Shine • Weather-Resistant

A quick, easy-to-use instant gloss spray that restores shine, body, moisture and life to dried out, dull tires and trim. Renews faded tire side walls, bumpers, rubber seals and weather stripping to like-new condition. Restores color and provides a durable, long-lasting shine. Treated surfaces are protected against harmful UV rays that can cause cracking, fading and premature aging.

DIRECTIONS:

Shake can well before using. For best results, tire should be clean prior to treatment. Spray until tire is evenly covered with a light foam. Allow foam to break. Wipe tire surface until resulting shine is evenly distributed. Excess product and overspray can be removed from grooves, tight places, wheels, and fenders with a water rinse. Water will not remove the shine from the tire. After rinsing, lightly wipe surfaces dry. Repeat application to intensify gloss. No need to rinse between multiple applications; rinsing after final application is recommended. Product may also be sprayed onto a dry cloth and wiped on tires and trim. Do not spray on vehicle control surfaces such as pedals, steering wheels, shift levers, brake disks or drums.

MADE IN THE U.S.A.

CAUTION: Contains Polydimethylsiloxane (63148-62-9) and Liquefied Petroleum Gas (68476-86-8). Use only in a well ventilated area. **NOTE:** This product produces vapors that are flammable when concentrated or confined. Do not use near heat, sparks or open flame. Avoid contact with eyes or prolonged contact with skin. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F.

FIRST AID: IF EYE CONTACT: Flush with large amounts of cool running water for at least 15 minutes while holding upper and lower lids open. If irritation persists seek medical attention. **IF SKIN CONTACT:** Wash with soap and water. If irritation persists seek medical attention. **EXCESSIVE INHALATION:** Remove to fresh air. Seek medical attention immediately. If breathing stops give artificial respiration. **IF INGESTED:** Do not induce vomiting. Seek medical attention immediately.
