The Maintenance Professional's Choice

METAL CLEANER & POLISH

WATER-BASED

14218

An economical and environmental solution to metal polishing. Formulated as a light cream consisting totally of food grade ingredients. Removes tough oil-based stains, water marks and spots and stains from all metal surfaces. Odorless cream clings to vertical surfaces and is safe for use in confined areas. Perfect for stainless steel surfaces which may contact water. Leaves no greasy film.

- Oil Emulsion & Odorless
- Cleans and Restores Luster
- Non-Flammable
- Formulated with Concern for the Environment and Human Health
