The Maintenance Professional's Choice

PENETRATING LUBRICANT WITH PTFE

50111

FOR USE BY:

- Auto Mechanics • Serviceman
- Utility Companies • Marine Repair
- Industrial Plants • Refineries
- Food and Bottling Plants
- Heavy Equipment Companies
- Railroads • Trucking • Oil Fields

A forceful spray which provides rapid penetration through rust and corrosion to loosen frozen nuts, bolts and mechanical parts. Provides effective lubrication over a broad temperature and pressure range. Safe on aluminum, plastic and paint. Contains Moly and PTFE for superior lubrication and wear reduction.

FOR USE ON:

- Frozen Nuts and Bolts • Hinges • Screws
- Clamps • Linkages • Fasteners • Molds
- Lug Nuts • Threaded Parts • Tools
- Engine Parts • Motors • Bearings • Gears
- Relays • Starters • Generators

- Frees Encrusted Parts Fast
- Safe on Plastics, Rubber and Painted Surfaces
- Quickly Cuts Through Rust and Corrosion
- Fortified with Molybdenum Disulfide and PTFE

- Provides Excellent Pressure and Temperature Resistance as well as Reducing Friction and Wear
- Features a 360° Valve
- Conforms To Tests Specified In ASTM STP 332
