

TERAND

The Maintenance Professional's Choice

TREE WOUND SPRAY

64514

A thick, black coating designed to cover tree wounds and damage. Helps trees recover naturally from pruning. Reduces chances of insect infestation. Seals exposed areas from weather damage and disease. Dries to a non-sticky film. Excellent for sealing small cavities, and as an overcoat for tree wraps.

FOR USE BY:

- Lawn & Maintenance Crews
- Landscapers
- Parks & Recreation Departments
- Tree Services • Nurseries
- Gardeners • Tree Surgeons

- Portable & Convenient
- Easy to Use
- Provides a Thick, Black, Rubberized Bandage
- Super Thick Formula

- Helps Prevent Disease & Insect Infestation
- Just a Quick Spray Seals & Heals
- Needs No Stirring or Pouring
- No Brushes to Clean
