The Maintenance Professional's Choice

BELT DRESSING

7921 1

FEATURES:

- Non-Staining
- High Tack
- Reduces Belt Slippage
- Lengthens Belt Life
- Adheres to Rubber, Leather and Fabric
- 360° Valve Sprays in Upright or Inverted Position

An industrial strength spray containing adhesive tackifiers that eliminate and prevent slippage of all types of "V", round and flat belts. Increases pulling power and stops squeals. Will not gum up. Extends belt life and improves efficiency of all belt powered equipment.

FOR USE ON:

- V Type Belts
- Flat and Round Belts
- Leather, Rubber, Fabric, and Synthetic Belts

- Adheres to Rubber, Leather, and Fabric Belts
- Cleans, Preserves, Waterproofs, and adds New Flexibility to Old Belts
- Effective in High Humidity Areas

- Reduce Slippage • Prolong Belt Life
- Increases Equipment Efficiency
- Can be Applied to Belts while Machine is in Operation
